

Fall 2023 Seminar Series

All seminars are scheduled for 11:10 am. In-person seminars will be held in Science One, room 1002. Webinars will be in Zoom, the links are available on individual flyers

- September 8** **Jaime A. Gómez**, Equitech
In-person “Unexpected Challenges in the Life of a Polymer Scientist”
Distinguished Alumni Seminar
Host: Luyi Sun
- September 15** **Jessica Schiffman**, UMass Amherst
In-person “Going Green to Improve Materials: From Biomedical Hydrogels to Water Separation Membranes”
Host: Anson Ma
- September 29** **CANCELLED**
In-person
- October 6** **Zhibin Guan**, University California, Irvine
In-person “Bioinspired Design of Active and Dynamic Polymer Materials”
Host: Yao Lin
- October 13** **Kenan Song**, Arizona State
In-person “Advanced Composite Processing for Defense, Energy, and Biomedical Applications”
Host: Luyi Sun
- November 17** **Katia Bertoldi**, Harvard University
In-person T.B.D.
Host: Xueju Sophie Wang
